

smair Leather Cleaner

SMA.A2.0104.0

Technical Data Sheet

1 Description

Overview:

smair Leather Cleaner is a specialized cleaning solution designed for pigmented smooth leather, artificial leather, and plastic surfaces. It is ideal for removing "normal" soiling and preparing surfaces for conditioning, color refreshment, or professional dyeing. The product features a leather-friendly pH and contains no reconditioning agents, ensuring safe and effective cleaning.

Features/Benefits:

- Gentle yet effective: Suitable for regular cleaning without damaging the leather.
- Versatile application: Compatible with pigmented smooth leather, synthetic leather, and plastic surfaces.
- Foam dispenser compatibility: Reduces waste and enhances application control.
- Environmentally conscious formula: Free of harsh chemicals that could harm leather finishes.

2 Technical Specifications

2.1 Physical Properties	
Color	clear
Consistency	liquid

2.2 Chemical Properties

Base Material	Water with surfactant additive
Active Ingredients	Alcohols, C12-14, ethoxylated, sulfates, sodium salts Methylisothiazolinone, Iodopropynyl Butylcarbamate

2.3 Performance Properties

Dry Time	Allow 3-5min dry time before applying and conditioner or protector to the material.
-----------------	---

2.4 Storage and Shelf Life

Storage Conditions	Store in cool, dry locations Avoid freezing (minimum +5°C)
Shelf Life	24 months under recommended storage conditions

3 Application

Smooth natural leather and artificial leather

1. Surface Preparation:

- Ensure the leather surface is free of loose debris or dust before application.

2. Application Steps:

- Spray the Leather Cleaner onto a **large genuine bristle brush** (do not spray directly onto leather).
- Use the brush to gently lather in circular motions over the stained area.
- For hard-to-reach spaces or seams, use a smaller horsehair brush.
- Wipe off the cleaner and lifted residue with a clean, soft cloth.
- Repeat the process for heavily soiled areas until the leather is clean.

3. Post-Cleaning Care:

- Allow the surface to air dry for 3-5 minutes.

For best results, apply a leather conditioner or protector to preserve and protect the finish.

4 Safety Information

Refer to the applicable Safety Data Sheet (SDS).

5 Environmental and Disposal Information

Refer to the applicable Safety Data Sheet (SDS).

6 Packaging Information

Available Sizes:

SMA.A2.0104.200	200ml Foam Bottle
SMA.A2.0104.500	500ml Refiller Bottle
SMA.A2.0104.1000	1L Refiller Bottle
SMA.A2.0104.5000	5L Refiller Canister
SMA.A2.0104.20000	20L Refiller Canister

Packaging Material: PE or PET bottles and canister
